

2018 Castle Rock Estate Turret Riesling

The Turret Riesling is a medium dry Riesling which has wonderful balance between natural acidity and the residual sugar left in the wine.

Pale straw colour. A delicate floral nose showing a blend of tropical passion fruit and grapefruit, citrus notes.

The front palate is dominated by passionfruit characters, backed by some floral and citrus notes. The sugar gives a lovely richness to the mid palate. The Riesling acid structure is in excellent balance with the sugar and provides a clean and refreshing finish.

This wine can be matched with a wide range of light dishes due to its great balance. Great on a hot summer's day, used as an aperitif or to complement spicy Asian cuisine
